Hassan, Karnataka

CAREER SUMMARY

Aspiring Data Analyst with hands-on experience in SQL, Tableau, Excel, and data visualization. Skilled in data cleaning, exploratory data analysis, dashboard development, and generating business insights. Focused on applying analytical and visualization skills to solve business problems and support data-driven decision-making.

TECHNICAL SKILLS

SQL (MySQL) • Power BI • Tableau • Excel • Python • Data Cleaning • EDA • Dashboard Development • Data Visualization • Git & GitHub

SOFT SKILLS

Analytical Thinking • Problem Solving • Communication • Team Collaboration

ACADEMIC QUALIFICATION

B.E. Artificial Intelligence & Machine Learning | Govt Engineering College, Challakere | 2026 | CGPA: **7.56**

PUC | BGS PU College | 2022 | **85.6%**

SSLC | Govt High School | 2020 | **80%**

PROJECTS

1. Global Layoffs Data Cleaning & Analysis | SQL

Cleaned and standardized global layoffs data, removed duplicates, handled null values, and analyzed layoff trends by company, industry, country, and year.

2. Hotel Booking Analytics | SQL & Tableau

Analyzed 17K+ hotel booking records using SQL and built an interactive Tableau dashboard to visualize booking trends, cancellations, customer behavior, and country-wise performance.

3. Data Professional Survey Dashboard | Power BI

Developed an interactive Power BI dashboard using survey data to analyze salary trends, programming language preferences, work-life balance, and career satisfaction through KPI cards and visual reports.
